OUR MISSION:

To be an inspiration to the industry by developing innovative technologies, products and solutions, capable of contributing to social and environmental well-being, in order to shape the future of the world.

OUR VISION:

To be a market-leading technology group, capable of interpreting the mega-trends of the future and guide our customers, in order to fully achieve their industrial potential.

ABOUT US:

Founded in **1964**, the Camozzi Group is an international player specialising in the **engineering and production of high-tech components and solutions for industrial automation**. With a particular focus on the industrial automation, life sciences, transportation, food & beverage, and packaging sectors, today the Group also designs and manufactures intelligent cyber-physical systems, leveraging its longstanding expertise in mechatronics. Additionally, it produces **high-tech textile machines, special machine tools and develops advanced solutions for additive manufacturing dedicated to the aerospace, naval, and energy industries**.
